5 Days riding around Patara,

Horse Riding Patara Beach and Sand Dunes

2 Hour Beach & Sand Dunes Ride: Starting from our stables in Patara we pass through the forest on level trails and when reaching the viewpoint from where we can see the ruins, we then travel down to the main road leading to the beach. We pass between the ruins and then reach the sand dunes before the beach, we ride over this stretch of sand to reach the beach. We can only ride along the beach if it is not the season for the hatching turtles. You can also go into the water if you are a confident rider (however if it is the turtle hatching time, we will not go to into the water, we will then climb to the top of the sand dunes and enjoy sunset or sunrise from there) after this we stop for a rest. After resting we will start riding back over the sand, through the forest, past the ruins and back to our stables in Patara.

We offer 2 hour rides, half day rides, full day rides and 2-4 day trips along the The Lycian Way.

2 Hour Ride: Come with us and enjoy a relaxing ride, at a steady pace, along the Lycian Way . Along the way you will have chance to enjoy the fantastic views of the whole beach of Patara and the ruins including the amphitheatre, senate building, and the castle and so much more. Further along you will pass through the beautiful pine trees and natural surroundings ending up overlooking Yala Bay and

Kalkan in the distance. Here we will have a short break to rest the horses and give you another chance to take pictures and enjoy the scenery before returning to Patara.

Half Day: We ride through the forest along The Lycian Way with spectacular views.

Full Day: We leave from Patara in the direction of Kalkan travelling along The Lycian Way, we pass through the forest and travel past the ancient ruins. After an hour we have our first break from where we have a birds eyeview of Patara beach and the ruins, from here you can also see the Kalkan Islands to your left. We then continue riding and before midday we arrive at Firnaz Bay to stop for a swim, rest and a barbecue on the beach. We then ride back along the aqueduct to Patara.

1 Canoeing in Patara National Park ,

When we leave your hotel we travel to Xanthos on the River Esen. Once we have given you a little information about using the canoes we put them in the water. If the current is not too strong we canoe down river for half an hour then stop for a rest after which we continue the trip. On our next stop we leave the canoes in the water and enjoy a mud bath on the banks of the river. For lunch we have grilled chicken, rice, salad then stay for a while for a well earned rest. The trip ends on the beach at Patara where the river meets the sea. From here we return you to your hotel.
